

Choose to any of Lighting Packages below or match it with sound system fit to your budget. Lighting specifications always depends on size of the venue or how elaborate you wanted it to be. It means, even in small venue, you might need sophisticated lighting set-up unless you wish to make it simple. On the other hand, you might need simple lighting set-up even on a larger venue if you just wish to make it visible with some bright and colored lights. Inquire now and we can help you which package best suites your needs.
